

Introducing Ralph 400

Experience the Future of Elevation –
India's First Powder-Coated Malaysian
Shaft Elevator!

Powered by
Moris Italy, Gmv italy, Montanari & Mona Drive

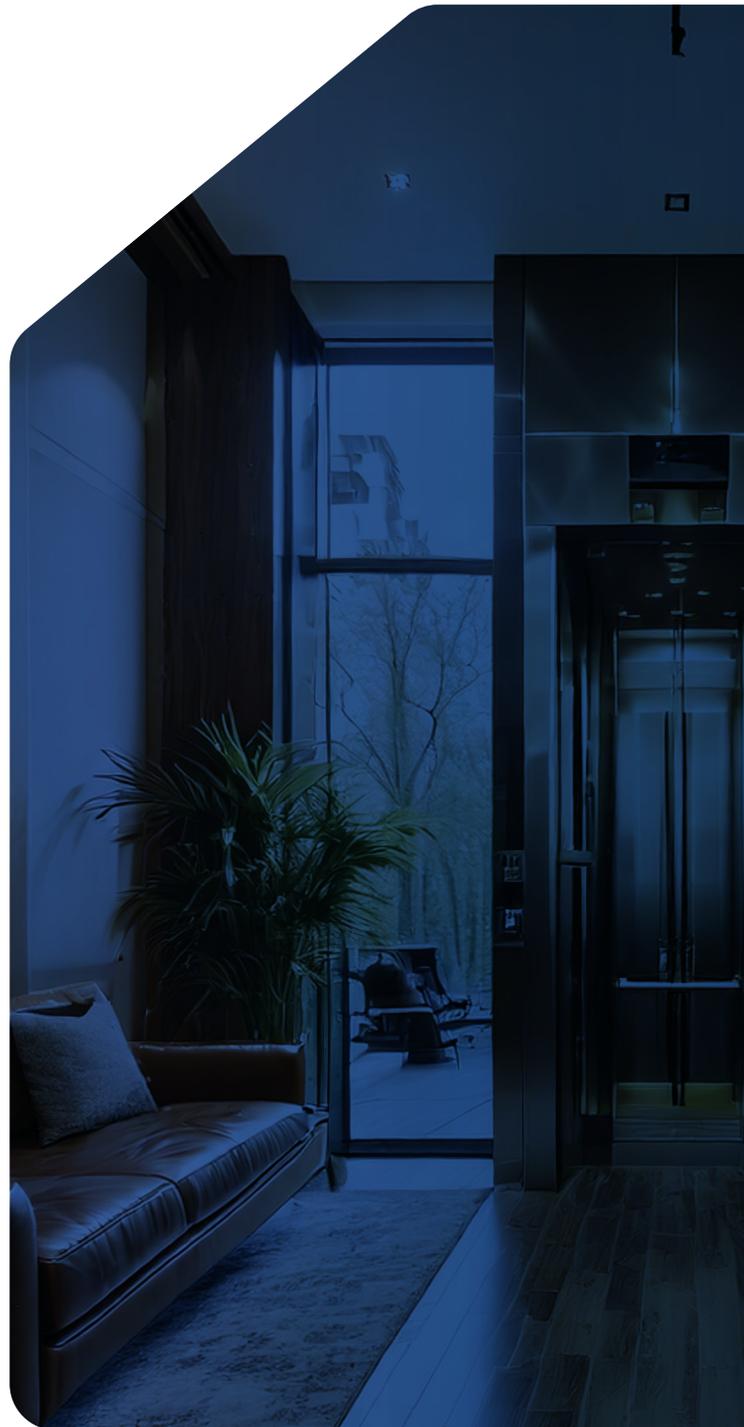

Innovative Technology for **Seamless** **Operation**

Ralph 400 is engineered to redefine vertical mobility, combining advanced features with cutting edge technology.

Key Features :

- ✓ TFT Touchscreen LED Display
- ✓ User-Friendly Interface
- ✓ Real-Time Monitoring
- ✓ Smart Safety Systems
- ✓ Emergency Stop Function
- ✓ Overload Protection
- ✓ Robust Build and Design
- ✓ Powder-Coated Finish
- ✓ High-Quality Materials

Efficiency and Reliability Redefined

The Ralph 400 is more than just an elevator; it's a state-of-the-art solution designed for peak performance, reliability, and adaptability

Best Features of Ralph 400

Pitless Design :

Space-Saving Solution : Eliminates the need for a traditional pit, making it perfect for modern spaces with limited structural allowances

Headroom-Free :

Versatile Installation : Can be installed in locations with restricted headroom, ideal for compact or unconventional spaces.

High Lifting Capacity :

Designed to handle heavy loads, ensuring optimal performance in industrial, commercial, and residential applications.

Energy Efficiency :

Eco-Friendly Technology : Reduces energy consumption while maintaining high performance, contributing to sustainability goals.

Why **Ralph 400** Stands Out

The Superior Choice for Elevation Solutions

When it comes to choosing an elevator, the Ralph 400 leads the way as a versatile, reliable, and efficient solution for your vertical mobility needs.

Malaysian Shaft Excellence :

Ralph 400 features a unique powder-coated shaft design that ensures superior durability and a sleek, modern aesthetic.

Space-Efficient Installation :

Pitless and Headroom-Free : These unique features make installation seamless, even in tight or unconventional spaces.

Advanced Safety Features :

Equipped with cutting-edge safety mechanisms, prioritizing user protection and peace of mind.

User-Centric Technology :

The TFT touchscreen offers an unparalleled user-friendly experience compared to traditional button-operated elevators.

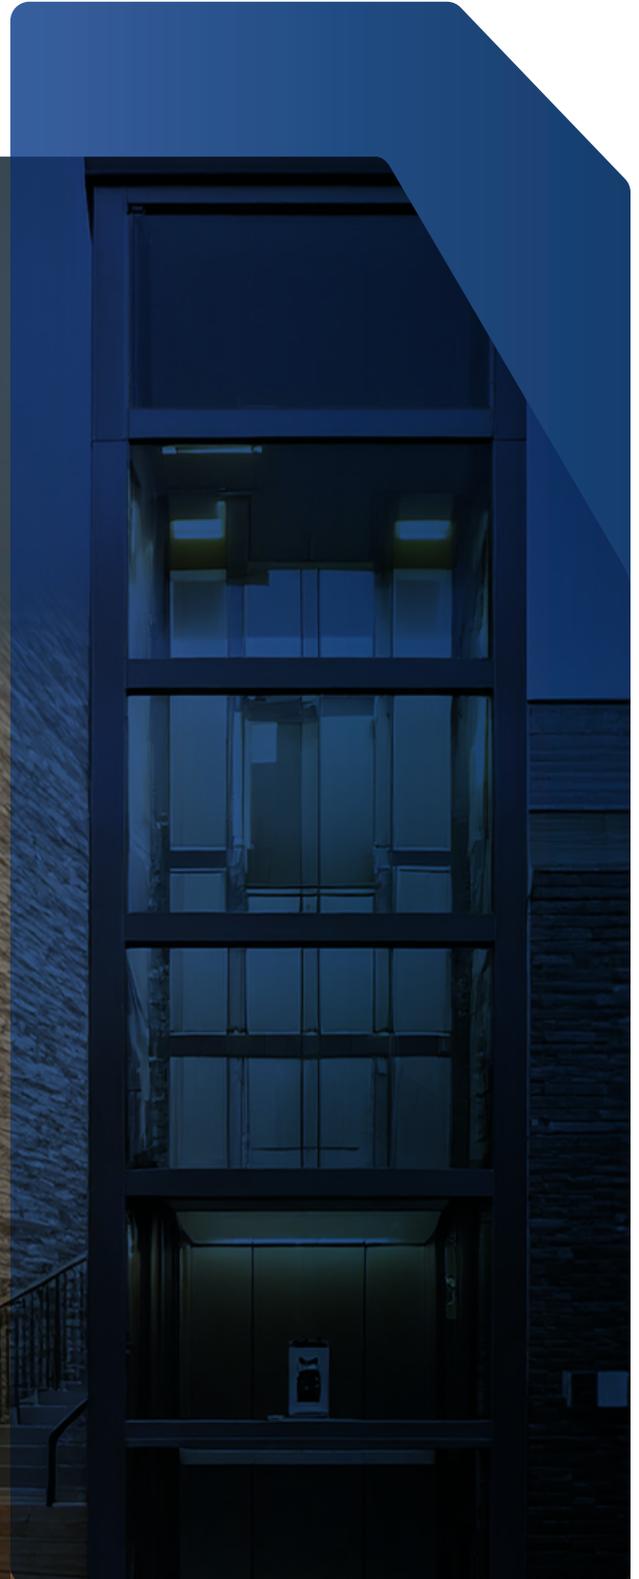

Customizable Solutions :

Tailor-made options allow configurations to fit your specific requirements, whether for residential, industrial, or commercial spaces.

Sleek and Modern Design :

Complements any architectural style, offering a perfect blend of functionality and aesthetics.
